Experience

AI Evaluation Specialist at Alignerr

Sep 2025 – Dec 2025

- Built **YAML-based evaluation scenarios** testing implicit reasoning in AI assistants.
- Designed test cases identifying **reasoning gaps** across frontier LLMs like GPT-5, Claude, and Gemini.
- Validated work through **automated QA system**, producing multilingual annotations with **95% accuracy**.

AI Trainer at Outlier

Aug 2024 – Aug 2025

- Evaluated AI-generated responses to enhance **reasoning quality, factual accuracy**, and alignment.
- Completed multiple **AI training and evaluation modules** focused on model performance benchmarking.
- Identified low-quality outputs through **comparative analysis**, providing structured feedback for improvement.

Projects

FocusFlow – Task Management SaaS – PERN Stack | Live

Oct 2025 – Dec 2025

- Architected modular **Node.js/Express.js backend** with request validation and error handling.
- Implemented **Google OAuth 2.0** and **JWT session management** with RBAC.
- Optimized **PostgreSQL queries and indexing**, reducing load latency by 30%.

AI Fashion Analyzer – Backend API ServicePython –Python, Gemini API | GitHub

Mar 2025 – Apr 2025

- Developed **Flask backend** with RESTful endpoints for image uploads and AI predictions.
- Integrated **Gemini API** with error handling, input validation, and response formatting.
- Implemented **async processing** for API calls, achieving 85% accuracy with fast response.

AgroInnovate – Farmer Support Platform – PHP, JavaScript | GitHub

Feb 2025 – Mar 2025

- Engineered backend services for **real-time data aggregation** from government APIs.
- Implemented **API caching** and optimized data-fetching logic, improving efficiency by 30%.
- Developed **async JavaScript patterns** for non-blocking calls, reducing response time by 20%.

Achievements

Achieved **5-Star rating in C++** on HackerRank, demonstrating strong language proficiency.

Since Jan 2026

Solved **250+ DSA problems** across LeetCode & GeeksforGeeks focusing on problem-solving.

Since Jan 2026

Certifications

Introduction to HTML, CSS & JavaScript – IBM & Coursera | Verify

Nov 2025

Cloud Computing – NPTEL | Verify
